

Filter-Master XL

Basic unit with automatic filter cleaning

Non-stop operation

Suitable for high levels of smoke and dust due to automatic filter cleaning.

360° Radius

Maximum flexibility of exhaust arm for use without any restrictions.

Comfortable operation

Comfortable adjustment of self-supporting exhaust arm into every desired position with only one hand.

40% better capture rate

Less re-positioning work of exhaust arm due to larger capture area of the flanged hood.

Large service door

for safe removal of collected dust.
